**OSTEOPATHY IS NATURE'S LAW.**

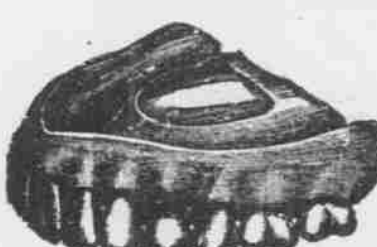

Osteopaths view the human system as a machine built by the Great Master Mechanic, set to work and left capable of running an indefinite length of time unless interfered with by accidents, causing contractions and displacements of bones, muscles, tendons, blood vessels and nerves, producing what people call disease. The Osteopath properly adjusts the bones, normalizes and puts the misfit muscles into their traces, reduces false pressures, stimulates, relaxes or desensitizes the network of nerves that control the functions of every organ of the body. He frees the forces and currents. Nerve centers are manipulated by manual pressure, so that by stimulating or desensitizing he controls the heart's action. Thus, by retarding or quickening the heart and the nervous currents, the operator can regulate the action of the stomach, bowels, liver, pancreas, kidneys and other organs.

The local mines hereabouts have  
been doing a good business this winter.  
With an increased force they are  
disposing of all the coal they have been  
able to get out. M. L. Finnell tells  
us the mine he is operating on the L.  
M. Applegate farm, two miles east of  
town, has a vein two feet thick, at a  
depth of 22 feet, and the coal is of ex-  
cellent quality.

Olden of Renwick, Iowa, for \$13,000,  
\$6,000 in merchandise and two pieces

each, balance in cash. Mr. Welch  
has since disposed of the merchandise  
and the Renwick property to good ad-  
vantage for cash. Possession of farm  
is to be given in one year. Mr. Welch  
represents Mr. Olden as being a nice  
gentleman, and says he will make  
Chariton county a desirable citizen.  
Such being the case, the COURIER will  
be glad to have him locate in Char-  
iton county.

A candy-bee was held at Howard-  
Payne college in Fayette one night  
last week to which the students of  
Central college were invited. As a  
feature of the entertainment of the  
evening two young ladies came for-  
ward and pinned on the lapel of the  
coat of each young gentleman the  
name of one of the United States and  
directed him to hunt for the capital  
of his state among the young ladies,  
each of whom wore in a conspicuous  
place the name of some capital city.  
To find the capitals required some  
knowledge of geography, of which  
some of the young gentlemen proved  
to have a very meager supply. One  
young man looked in vain for Sing  
Sing as the capital of New York, and  
another hunted diligently for Honolulu  
as the capital of Indiana.

R. P. Green, a clever farmer of

preciated call last Saturday.

Let everyone turn out and join the  
procession enroute to the Star bakery  
to buy superior bread and cakes.

Have you tried those delicious  
French Coffee cakes and buns at the

It has become entirely too warm

The Democratic central committee  
of Chariton county met at Keytes-  
ville yesterday and set the 31. day  
of March, 1900, for the pri-  
mary election. We go to press too  
soon to publish additional particulars  
this week.

Ben Buffington one of our big  
stockmen of Salisbury, shipped four  
car loads of cattle and two of hogs  
from Keytesville Monday. The cat-  
tle were purchased of Franklin Ellis,  
the hustling merchant at Guthridge  
Mills. Mr. Buffington, D. J. Holman  
and Mr. Ellis accompanied the ship-  
ment.

Notwithstanding the mud and in-  
clement weather Captain Hale and  
his lady assistants continue to have  
large audiences each evening at the  
court-house. Interest in the meet-  
ing is on the increase and larger re-  
sults than so far obtained are ex-  
pected. There have been several  
conversions, and the good order and  
seriousness in the congregation con-  
tinue. The meeting will last until  
Tuesday of next week.

A. T. Dumm of Salisbury an-  
nounces this week as a candidate for  
the office of prosecuting attorney of  
Chariton county, subject to the action  
of the Democratic party. Mr. Dumm  
is a bright young lawyer of pleasing  
address, a fine talker and very popu-  
lar where known. He was raised  
in Carroll county, but has cast his lot  
with the good people of Chariton  
where he is making a good citizen  
and has already drawn to him many  
friends and a large following.

In the announcement column this  
week will be found the candidacy of  
Hon. James W. Davis of Brunswick  
for prosecuting attorney of Chariton  
county. Mr. Davis belongs to one  
of the oldest and most respectable  
families of Central Missouri, is him-  
self a native of the county, and, hav-  
ing represented the same in the state  
legislature, is well known to our peo-  
ple as a young man of ability, a  
staunch and fearless advocate of  
Democratic principles and well qual-  
ified for the position he seeks, and in  
whose hands if elected the interests  
of Chariton county will be carefully  
guarded. Mr. Davis' course in the  
legislature was a commendable one.  
While he did not do as much talking  
as many other members, he always  
voted, and voted for and advocated  
measures in the interests of his con-  
stituents.

Quick sales and small profits is the  
motto of John F. Whitesides & Son,  
the new Keytesville grocers.

traveling in Iowa in the employ of

joiced to see the home folks and

the one more.

**Tell Your Sister**

A beautiful complexion is an impos-  
sibility without good, pure blood, the  
sort that only exists in connection with  
good digestion, a healthy liver and  
bowels. Karl's Clover Root Tea acts  
directly on the bowels, liver and kid-  
neys, keeping them in perfect health.  
Price 25 and 50 cents. Sold by W.  
C. Gaston, Keytesville, Mo.

J. A. Stewart, of the firm of N. O.  
Tate & Co., arrived in Keytesville  
Monday accompanied by his wife and  
two lovely daughters, who will be the  
guests of the Tate family for the  
present. They will go to housekeep-  
ing as soon as a suitable residence is  
secured. Mr. Stewart desires us to  
say that Misses Lewis and Jefferson  
who were left in charge of the office  
during his 10 days' absence were  
faithful to the trust imposed and kept  
business in good shape.

In the proper column this week  
will be found the announcement of  
the candidacy of W. S. Evans for the  
office of county treasurer, subject to  
the decision of the Democratic party,  
of which he has been an active mem-  
ber all his life. Mr. Evans has been  
a resident of Chariton county for 30  
years. He taught school in several  
different neighborhoods and took  
high rank among our teachers. Later  
he settled on a farm, four miles  
north of Keytesville, on which, in  
1891, he opened a country store and  
established a post-office called  
"Snapp." On account of failing  
health he sold out his business at  
Snapp and moved his family to Key-  
tesville in the fall of 1898. Mr.  
Evans is one of those modest, re-  
turning men whom you have to know  
to rightly appreciate. He is a true  
Democrat, a sober, honest upright  
man. In short he is a Christian  
gentleman and that is the highest  
encomium we can pronounce upon  
him, and is well qualified for the of-  
fice he seeks.

**Does it Pay to Buy Cheap?**

A cheap remedy for coughs and  
colds is all right, but you want some-  
thing that will relieve and cure the  
more severe and dangerous results of  
throat and lung troubles. What shall  
you do? Go to a warmer and more  
regular climate? Yes, if possible; if  
not possible for you, then in either  
case take the ONLY remedy that has  
been introduced in all civilized coun-  
tries with success in severe throat and  
lung troubles, "Boschee's German  
Syrup." It not only heals and stimu-  
lates the tissues to destroy the germ  
disease, but allays inflammation,  
causes easy expectoration, gives a  
good night's rest, and cures the patient.  
Try one bottle. Recommended many  
years by all the druggists in the world.
